

CEPP TRAINING COURSES BEGINNING IN AUGUST 2017

Create emergency response plans that don't just sit on the shelf in binders! We will train you how to create all hazard emergency plans that are comprehensive and skills based.

CEPP 101: Creating a Fire and Life Safety Plan

This program is 3 ½ hours long and will include templates and instructions on how to create or strengthen your own emergency response plans.

CEPP 201: Volunteer Team Training and Development (Floor Warden Training)

The program is 3 ½ hours long and will include skills based training on how to create, engage and train your own floor warden team.

CEPP 202: Employee Preparedness

This program is 2 hours long and will include training on how to prepare your employees for disasters that might face at work.

CEPP 300: Combined Volunteer and Employee Preparedness

This program is 4 hours long and includes CEPP 201 & 202.

CEPP 400: Comprehensive Emergency Response Planning for Mid to High Rise Buildings

This program is 8 hours long and will include all information from CEPP 101 and CEPP 300. This particular program is designed for businesses in buildings 4 stories and above.
